人 PROFILE

PhD researcher at KFUPM working on adaptive, intelligent user interfaces: software that senses emotion, behavior and context and adapts on the device, without sending anyone's feelings to the cloud. Two papers on IEEE Xplore; also building AI agents and automation in industry.

研 RESEARCH INTERESTS

— Adaptive and intelligent user interfaces
— Affective computing and context-aware systems
— On-device and privacy-preserving AI
— AI-driven UI evaluation and accessibility

学 EDUCATION

PhD in Computer Science (Software Engineering) — AUG 2026 — PRESENT
King Fahd University of Petroleum & Minerals (KFUPM)
Research: adaptive, intelligent user interfaces.

B.Sc. in Software Engineering — 2021 — 2026
Jordan University of Science and Technology (JUST)
GPA 3.95 / 4.2 · Graduation project lead, Sentient UI, graded A+.

High School Diploma — 2021
Modern Institute of the Capital, Riyadh
100 / 100.

筆 PUBLICATIONS

1. **A. Y. T. Abu Alrob**, O. Aburub. "Engineering Sentient UI: Bridging Emotion, Behavior, and Context for Dynamic UI Adaptation." *EngiTek 2025*, IEEE, pp. 1–6. doi:10.1109/EngiTek68245.2025.11567670
2. O. Aburub, **A. Y. T. Abu Alrob**. "EvalUI: An AI-Driven Framework for Structural Assessment of UI Layouts." *EngiTek 2025*, IEEE. doi:10.1109/EngiTek68245.2025.11567594

誉 HONORS

IEEE Best Paper Contest — JUN 2025
EvalUI ranked in the top 5 in Jordan and qualified for the international round.

IEEE AI Agent Hackathon — MAY 2025
Jordan's first university-level AI agent hackathon.

Graduation project lead — 2025
Led a team of four on Sentient UI, graded A+.

戦 EXPERIENCE

Digital Transformation Manager · BZ International — FEB 2026 — PRESENT · AL KHOBAR · REMOTE

- Own the **digital transformation strategy** and its execution across construction, interior design and project management.
- Design and ship **automation systems and AI-driven workflows**, as the sole architect and implementer.
- Lead **internal tooling and technology adoption** across every business unit.

AI Developer · Part-time · Rasheed AI JUL 2025 — PRESENT · AMMAN · REMOTE

- Build **intelligent chatbots in Python** and run **benchmark-driven AI research**.
- Built **UiPath agent automations**: an email responder that handles 90% of messages, and a zero-touch file pipeline.
- Took **Rasheed AI Academy** from idea to production in React, with a JSON content system non-developers edit.
- Led **10+ client onboardings** on customizing chat agents.

Instructor, n8n Workshop · AI-enabled business program 2026 · AMMAN

- Taught **around 20 young entrepreneurs** to build an n8n workflow: one sentence in, a finished social media post out.

作 SELECTED PROJECTS

Sentient UI · FLUTTER · RESEARCH
Privacy-first framework that adapts the interface to emotion, behavior and context in real time; now a published paper.

ICS 553 Notes · KFUPM GRADUATE ALGORITHMS
Search and sort visualizers, graphs, P vs NP, NP-completeness and nine reductions stepped through visually, plus a proof template.

Rasheed AI Academy · REACT · PRODUCTION
Twelve AI-narrated lessons in several languages, updated without a developer.

Rasheed AI Access · REACT · AUTH GATEWAY
One gate for a family of products: passwordless, social, role-aware.

技 SKILLS

Mobile	Flutter, Dart, Provider, Hive, Isar, Firebase, Clean Architecture, MVVM
AI & automation	n8n, LangChain, UiPath Agents, Streamlit, prompt engineering, Zapier, Make, machine learning
Web	React, Next.js, Node.js, Express, Tailwind, REST APIs
Data	PostgreSQL, MySQL, Supabase, Oracle, SQL Server
Craft	Python, Java, C++, C#, SOLID, design patterns, testing, code review, CI/CD, technical leadership

証 CERTIFICATIONS

n8n Essentials · UiPath Agentic Automation Developer Associate · Python Essentials 1 · Modern AI · Discovering Entrepreneurship
